*Your mind and emotion hold the key
They're the things to set you free
What 'er the day
What 'er the night
Fulfill yourself with love, joy and delight*

*Sadness and worry
Gets you nowhere at all
Just up the wall
What 'er the day
What 'er the night
Fulfill yourself with love, joy and delight*

*With faith in the Lord
And determination
You may live a long and happy life
What 'er the day
What 'er the night
Fulfill yourself with love, joy and delight*

*Let people come first where 'er you go
That's a thought
All people should show
What 'er the day
What 'er the night
Fulfill yourself with love, joy and delight*

*Love, joy and delight
Love, joy and delight*
