### Appendix I: Participant Written Consent

Hello, my name is Dhabuliwo Amuza and I am conducting a research on 'Factors Affecting Utilization of Contraceptives among Women Aged 15 – 24 Years Attending Fort Portal Regional Referral Hospital, Fort Portal City, and Uganda'. I would like to ask you some questions regarding the topic and the interview will just take about 15-30 minutes. Your name will not be written on the paper, so your answer will be completely confidential.

#### Privacy

We will collect the identifiers in separate page (name and telephone number) with a code. We will use the codes in the data collection form. The identifiers page will be kept in a safe locker. All the data will be entered with a code. The de-identified data will be taken for data-analysis, while the identifiers will be kept in a safe locker at the KIU – Directorate of Research, only the project managers will have access to these files.

#### Right to access and right to delete your data and samples

If you agree to participate in the study, you are entitled to have access to the information that is registered about you. You are further permitted to correct any mistakes in the information we have registered. If you wish to withdraw consent to participate at any point of time, you are allowed to claim that the information collected about you must be deleted unless the data have already been incorporated in the analyses or used in scientific publications.

#### Voluntary participation

Participation in this study is voluntary. You are free to withdraw your consent to participate at any time without stating any reason. The data that has been collected about you will then be deleted, except if it has already been included in analysis. If you wish to participate, please sign the declaration of consent on the final page, using your signature or alternatively your thumb print. In the future, if you wish to withdraw your consent or have questions concerning the study, contact:
