Table S1: Voucher specimens and the number of the species studied. Measurements per species used are included in mm. Abbreviations see in M&M in the text. Numbers indicated habitat use: 1: arenicolous, 2: terrestrial, 3: saxicolous, 4: arboreal. Symbols in sex indicated: ♂: male, ♀: female.

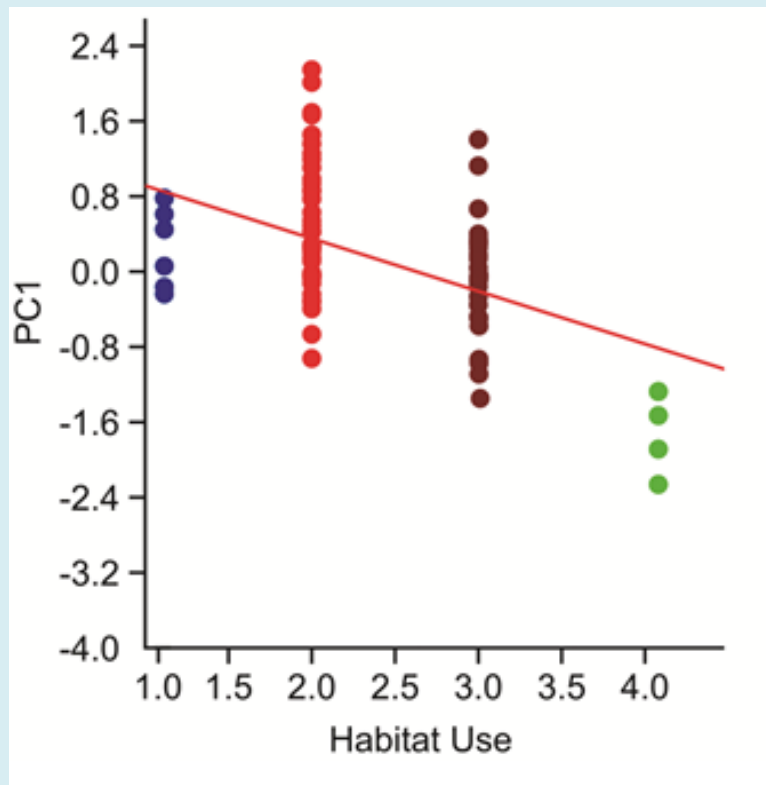

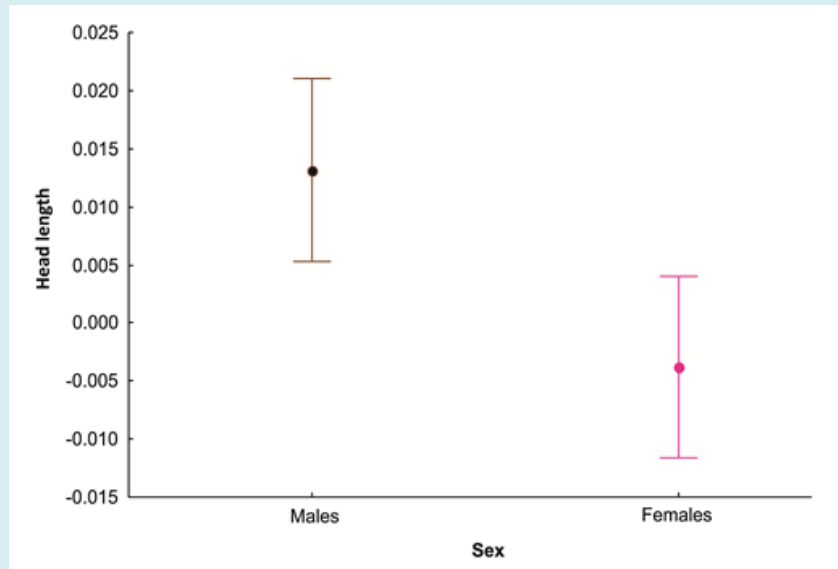

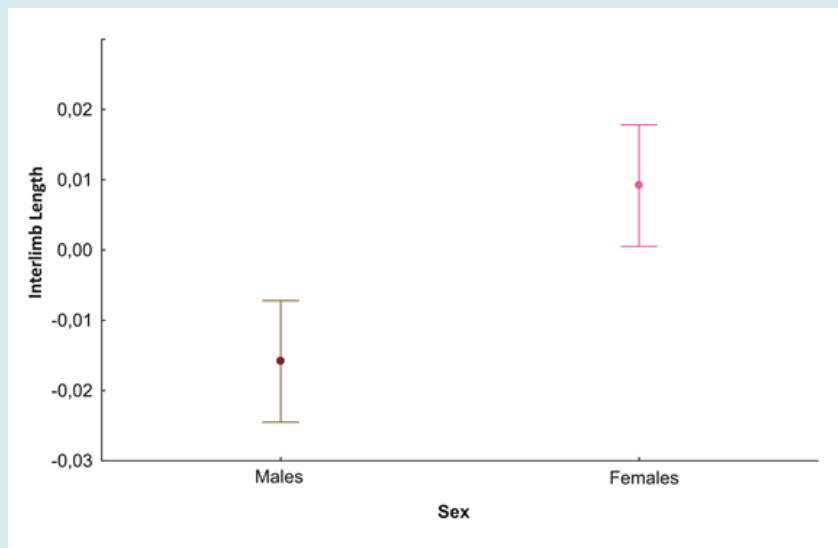

Figure 1: Scatterplot of Lizards along PC1 Axis: Revealing a Habitat Use Gradient representing by different colors. Blue: arenicolous, red: terrestrial, brown: saxicolous, green: arboreal.

(a)

(b)

Figure 2: Diagram showed the differences between sexes. a) Males presented bigger heads; b) females more distance between limbs.
